

COVID-19

Change in Life

The Lockdown has changed our way of life from multiple angles. It has put rigorous limitations on the entirety of our life-what we eat, where we go, whom we meet, on work style. We have to progressively adapt ourselves to changes in environment and it is a desperate need of great importance.

Stay at home

Wash hands

Shopping online

Avoid public transport

Adapt social distancing

Use plastic money

Cancel plans with family or friends

Wear protective face masks

Work from home

Clean your house

Avoid public places
