# ONE WEEK ONE LAB

**Environmental Information Awareness  
Capacity Building and Livelihood  
Programme Centre - EIACP Exhibition at  
CSIR- NATIONAL BOTANICAL RESEARCH INSTITUTE  
LUCKNOW**

## ONE WEEK ONE LAB

DAY 1 – 14<sup>th</sup> August, 2023

*One Week One Lab Programme* of the Council of Scientific & Industrial Research (CSIR), aims at highlighting India's global excellence in technology, innovation and start-ups. In this campaign, each of CSIR's 37 constituent laboratories, spread a nationwide showcase of their legacy, exclusive innovations, and technological breakthroughs every successive week. During the campaign, each CSIR lab organizes week-long events, including industry & start-up meetings, students connect, society connect, and display of technologies.

The *third week of August (14th August 2023- 19th August 2023)* was the dedicated week for CSIR-National Botanical Research Institute, under which, CSIR-NBRI showcased the achievements and work for the society, industry and farmers.

The aim of this program was to create awareness about the available technologies and services present at CSIR-NBRI, among potential stakeholders. These technologies help in providing solutions to societal problems, and develop the scientific temperament among the masses, especially among students who are the future of the country.

**NBRI-EIACP** established an exhibition stall to display knowledgeable products and share information with visitors/students related to Mission LiFE activities and reducing carbon footprint.

The purpose of this report is to provide an overview of the event that happened on the 1<sup>st</sup> day of one week one lab event featuring the output of **NBRI-EIACP**.

## HIGHLIGHTS

The OWOL program was inaugurated by **Chief Guest Dr. (Mrs.) N. Kalaiselvi**, *Secretary, Department of Scientific & Industrial Research, Ministry of Science & Technology, Gov. of India & Director-General, Council of Scientific & Industrial Research, New Delhi*, on 14<sup>th</sup> August 2023, while the **Guest of Honour** for the event was **Shri Mahendra Kumar Gupta**, *Joint Secretary, Council of Scientific & Industrial Research, New Delhi*.

**Dr. (Mrs.) N. Kalaiselvi and Shri Mahendra Kumar Gupta** inaugurated the exhibition pavilion and interacted with the Scientists and Research Scholars.

The Chief Guest and other dignitaries interacted with Dr. Pankaj Kumar Srivastava, Coordinator, about the activities of the **EIACP Programme Centre** at CSIR-NBRI and encouraged new initiatives to make a countable contribution to developing a sustainable environment while achieving healthy lifestyle adoption under the Mission LiFE.

**NBRI-EIACP Programme Centre** (former NBRI-ENVIS) distributed knowledgeable products in the form of newsletters and flyers to visitors. Visitors gained information regarding the green planner app and the role of plants in mitigating pollution like SO<sub>2</sub>, NO<sub>x</sub>, SPM, etc. A total number of 50 visitors, including NGO groups and college students, interacted with the NBRI EIACP team at their stalls on the day.
