ONE WEEK ONE LAB

DAY 3 – 16th August, 2023

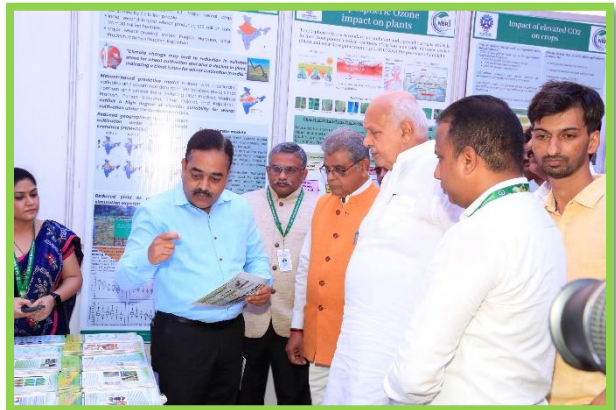

The fourth day of One Week One Lab Programme was dedicated to Climate Change, Microbial & Environmental Technologies. The exhibition pavilion was inaugurated by the **Chief Guest Shri Surya Pratap Shahi**, *Hon'ble Minister (Cabinet) Agriculture, Govt. of U.P.* and **Guest of Honour Dr. Arun Kumar Saxena**, *Hon'ble Minister of State (Independent Charge) Environment & Forest, Govt. of U.P.*

HIGHLIGHTS

NBRI EIACP Programme Centre Coordinator **Dr. Pankaj Kumar Srivastava** introduced activities of the NBRI-EIACP Centre to the *Hon'ble ministers*.

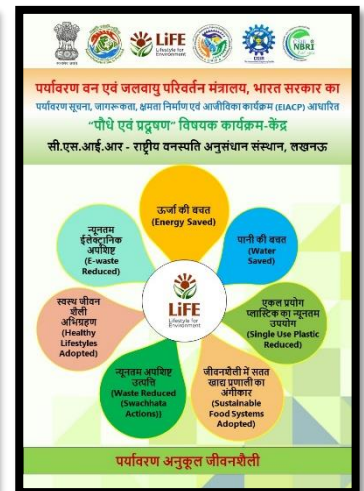

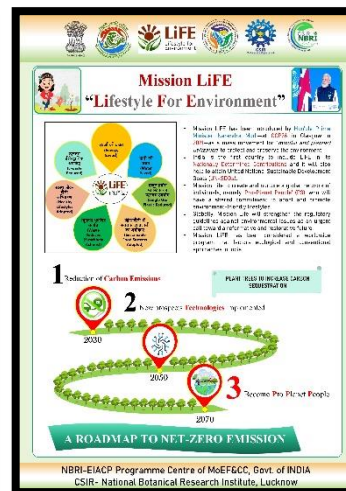

He explained the role of NBRI-EIACP in attaining the goals of **Mission LiFE**, especially in the context of *Healthy Lifestyle Adopted* Action plan, as well as the methods to adopt organic products on a daily basis and also explained initiative taken by the NBRI-EIACP Centre to reduce the usage of single-use plastics in the society and at the workplace.

While **NBRI EIACP Programme Centre Co-Coordinator, Dr. Anju Patel** outlined the mandate of EIACP programme centre to the *research scholars, visitors and students*, adopting life actions for the attainment of a sustainable lifestyle in daily life activities.

NBRI EIACP team distributed the *brochures and knowledge products* to the 156 visitors, academicians and students, encouraging them to play a crucial role in the attainment of **Mission LiFE activities**, which will ultimately lead them to contribute towards sustainable environment.
