Mission LiFE Awareness session by CSIR-NBRI-EIACP in collaboration with CSIR-JIGYASA among the students of Jawahar Navodaya Vidyalaya, Raebareli

The CSIR-National Botanical Research Institute's (NBRI) Environmental Information, Awareness, Capacity Building, and Livelihood Programme Centre (EIACP) conducted a Mission LiFE Awareness session among the students of Jawahar Navodaya Vidyalaya, Raebareli, who visited CSIR-NBRI on August 30, 2024 in collaboration with CSIR-JIGYASA. The session started with the introduction of Mission LiFE initiative and its main objectives. These students were introduced to the significance and role of Mission LiFE and the NBRI EIACP's outreach initiatives.

Dr. Sandhya Mishra, Programme officer, NBRI-EIACP addressed the role of NBRI EIACP's in achieving the Mission LiFE goals, with a special emphasis on the individual action to achieve a sustainable & healthy life.

Students learned about the Mission LiFE themes and their role in promoting sustainable development in numerous areas of life. She also encouraged students to utilize organic products and discussed the detrimental effects of single-use plastics in depth.

During this session students were also informed about **National level online poster making and slogan writing competition** for school students are being organized by in collaboration with the National Museum of Natural History (NMNH) and the Ministry of Environment, Forest, and Climate Change (MoEF&CC) to celebrate “World Ozone Day 2024”. This session also promoted the "#Ideas4LiFE", a significant initiative under the "Mission LiFE" (Lifestyle for Environment). This session encouraged students for their active participation in the "Ideas4Life" initiative to contribute their innovative ideas towards a more sustainable future and win exciting prizes. These initiative offers an excellent platform for students to engage with critical environmental issues and make a meaningful impact.

At the end of this session students took the Mission LiFE Pledge and enjoyed clicking selfies at Mission LiFE selfie point. Total 38 students and 3 teachers were sensitized in the session.

At the end of this session NBRI-EIACP team members distributed newsletters, flyers, and brochures to the teachers as well as to the students.
